

## Table of contents

Summary .....	1
Setup Tables: .....	1
Translates.....	1

## Summary

Setup tables and translates must be re-loaded to SACNV89 after each refresh. This ensures the most accurate and up-to-date setup tables are in place. Approved setup tables will come from PSREF89. Any tables that are still in-progress but needed for conversion will come from SAIDP89.

## Setup Tables:

PS\_ENRL\_REQ\_ID\_TBL  
PS\_HONOR\_AWARD\_TBL  
PS\_ACAD\_PLAN\_TBL
